Company Identifications

The logo label on the metal case is replaceable. Giving your customers a big impression of your great tools.

Foldable Lift

Foldable case lift saves space and it is easy and quick to be unfolded when carrying.

Continuous Hinge

Comparing with the general metal case which only uses 2 to 4 hinges for the connections. However, Continuous hinge gives stronger holds and is not easily to be broken.

Customized LOGO Label

STRONG CONTINUOUS HINGE

1.0 mm Thick Metal Case

With the 1.0 mm thickness metal case outshell, the tool case will not be damaged easily by any collision caused in falling or hitting.
